Cover Page	1
Rationale	2
Copyright Information	3
Table of Contents	a - f
Mathematics Outline	**4**
215 Presentations	5
Presentations on Preparation for Math	**11**
One-to-One Correspondence	12
Books - Counting	14
Songs – 3 Little Speckled Frogs	16
Sorting/Classification	18
Sequence/Patterns – Do As I Do	20
Sequence/Seriation – Bead After Bead	22
Presentations on Numeration Sets – Number Rods	
Introduction – First Period of 3-Period Lesson	**24**
Introduction – Second Period of 3-Period Lesson	25
Memory – Order to Order	25
Memory – Order to Mixed-Order	26
Memory – Concept of Larger and Smaller	26
Memory – Concept of One More and One Less	26
Memory – Concept of Two More and Two Less	27
Memory – Concept of Greater Than and Less Than	27
Addition – The Making of 10	27
Addition – The Making of ?	27
Subtraction	27
Counting Backward	28
Presentations on Numeration Sets – Sandpaper Numerals (0-9)	
Introduction	**29**
Write - Sand	31
Association to Numeral Cards	31
Memory – Go Fetch	31
Memory – Surprise and Go Fetch	31
Presentations on Numeration Sets – Number Rods and Numerals	
Introduction – Association with Numerals – Both Numerals and Rods in Order	**33**
Numerals in Order and Rods in Mixed-Order	34
Numerals in Mixed-Order and Rods in Order	34
Go Fetch Symbol and Quantity	34
Memory – Order to Order	34
Memory – Numerals in Mixed-Order and Rods in Order	34
Memory – Numerals and Rods in Mixed-Order	35
Addition – The Making of 10	35
Addition – The Making of ?	36
Subtraction	36

Presentations on Numeration Sets –
Spindle Rods
Introduction **37**
Different Objects 38
Number Jumping Game 39

Presentations on Numeration Sets –
Numerals and Counters
Introduction – Numeral Cards **40**
Introduction – Cut-out Numerals 41
Association – Numeral Cards and Cut-out Numerals 41
Even and Odd 41
Pick-up Even and Odd 41
Quantity – Even or Odd? 41
Symbol – Even or Odd? 41
Memory Game 42

Presentations on Linear Counting –
Short Bead Stairs
Introduction – 1 to 9 Short Bead Bars **43**
Bead Design Cards 44

Presentations on Linear Counting –
Snake Game – Search for Ten
Snake Building – Even Number that Equals 10 **45**
Snake Building – Random 47

Presentations on Linear Counting –
Teen Boards
Introduction - Quantity **49**
Introduction – Symbols (Order) 51
Introduction – Symbols (Mixed-Order) 52
Quantity and Symbol - Order 53
Quantity and Symbol – Mixed-Order 54
Random Numeral – Go Fetch Quantity 55
Random Quantity – Go Fetch Numeral 55
Making Numeral and Quantity Pictures 55

Presentations on Linear Counting –
Number Rods – Teen Presentation
Introduction – Number Rods (Only) **56**
Introduction – Number Rods and Numeral Cards 58

Presentations on Linear Counting –
Ten Boards
Introduction – Quantity **60**
Introduction – Symbols 62
Introduction – Quantity and Symbols
(10-90 with Ten Bars) 64
Introduction – Quantity and Symbols
(10-99 with Unit Beads) 66
Making Numeral and Quantity Pictures 68

Presentation on Linear Counting –
100 Chain and Labels
Introduction – 100 Chain and Labels **69**

Presentations on Linear Counting –
1000 Chain and Labels
Introduction – 1000 Chain and Labels **72**
Compare 100 Chain to 1000 Chain 76

Presentations on Linear Counting –
100 Board and Numerals
Introduction - Order **77**
Introduction – Mixed-Order 79
Go Fetch – Mixed-Order 79

Presentations on Linear Counting –
Squaring Chains – 1-10
Introduction – Comparison to Squared Chain/Use of Labels 80
Go Fetch 81

Presentations on Linear Counting –
Cubing Chains – 1-10
Introduction – One through Ten **83**
Complete Layout 86

Presentations on Base 10 – Decimal System
Quantity (Golden Beads)
Introduction – Unit, Ten Bar, Hundred Square and Thousand Cube **88**
Hide and Go Seek 90
Relationship of Materials 92
Complete Layout 94
Go Fetch 97

Presentations on Base 10 – Decimal System
Symbol
Introduction – 1-10-100-1000 **99**
Complete Layout 101
Go Fetch 103

Presentations on Base 10 – Decimal System
Quantity and Symbol
Introduction **105**
Birds Eye View Layout 107
Crisis of Ten 109
Go Fetch - Symbol 111
Go Fetch - Quantity 114

Presentations on Base 10 – Decimal System
Formation of Numerals
Introduction **117**

Presentations on Golden Beads
Addition
- Introduction (Static) **119**
- Introduction Elementary (Static) 122
- Regrouping (Dynamic) 125
- 3 or More Addends (Static/Dynamic) 128
- Addition & Multiplication – Regrouping (Dynamic) 131

Subtraction
- Introduction (Static) 132
- 2 Subtrahends (Static) 135
- Regrouping (Dynamic) 136
- Remainder of One (Dynamic) 139
- Regrouping-Subtraction & Division – Presentation Order 142

Multiplication
- Introduction (Static) 143
- Multiplication Sign 146
- Regroup or Exchange (Dynamic) 148
- Order of Presentation 149
- Product as Zero 150

Division
- Introduction (Static) 151
- Division Sign 154
- Regroup or Exchange (Dynamic) 156
- Remainders 158
- 2-Digit Divisor 159

Presentations on Stamp Game
- Introduction **162**
- Formation of Quantity (Stamps) 164

Addition 165
- Regrouping 167
- 3 Addends 169
- Checking Work 170

Subtraction 171
- Regrouping 173
- 2 Subtrahends 175
- Checking Work 176

Multiplication 177
- Regrouping 179
- 2-Digit Multiplier 181

Division (1-Digit Divisor) 182
- Regrouping 184
- Division (2-Digit Divisor) 185
- Zero in Dividend 187
- Zero I Divisor 188
- Zero at the Unit of Divisor 189
- Group Division 190

Presentations on Addition

Addition Dot Board **191**
- Multiple Addends 194

Addition Bead Frame
- Introduction **195**
- Golden Beads 196
- Notation Paper 198
- Reading & Writing Numbers 201
- Addition 202
- Addition – Regrouping Activity 204
- Addition in Columns Activity 205
- Subtraction 206
- Subtraction - Regrouping 208

Addition Strip Board
Introduction **209**
Booklet 211
Equation Control Chart 1 213
Combination of Numbers – Control Chart 1 & 2 - Recording 215
Combination of Numbers with Zero 218
Addition Control Chart 2 – Doubles of Numbers 220
Addition Working Chart 3 – Sum in Each Square 222
Addition Working Chart 3 – Doubles of Numbers 224
Addition Working Chart 4 – Half Table 226
Addition Working Chart 5 – Simplified 228
Oral Memorization Game – Equation then Sum 230
Oral Memorization Game – Sum and Possible Equations 232

Addition Snake Game **234**

Colored Bead Bars
Memorization of Addition **236**
Commutative Law 238
Multiple Addends 240
Addends Larger Than 10 242
Exchanges 244
Associative Law 247
Parenthesis 250
Parenthesis in All Positions 253
Two Parentheses 255
Three Addends 257

Formats – Introduction **260**
Story Problems – Introduction **262**

Presentations on Subtraction
Subtraction Strip Board
Introduction **264**
Booklet 267
Equation Control Chart 1 269
Analysis of Number: Unit 271
Analysis of Number: Teens 273
Zero 275
Subtraction Working Chart 2 277
Bingo Game 279
Bingo Game 2 281
Bingo Game 3 283
Oral Memorization Game – Equation then Remainder 285
Oral Memorization Game – Remainder and Possible Equations 287
Formats - Introduction **288**
Story Problems - Introduction **290**

Subtraction Snake Game **292**
Presentations on Multiplication
Multiplication Bead Board
Introduction **295**
Booklet 298
Prepared Equation Slips 300
Combinations of Numbers 302

Working Chart 3 304
Working Chart 4 306
Working Chart 5 – Bingo/Blank 308
Working Chart 5 – Bingo/Blank 2 310
Stacks of Products (Stamps) 312
Oral Memorization Game – Equation then Product 314
Oral Memorization Game – Product and Possible Equations 316

Formats - Introduction 317
Story Problems - Introduction 319

Multiplication Snake Game 321

Cubing Chains
Activity 1 – Introduction **323**
Activity 2 325

Cubing and Squaring Chains 327

Geometric Forms 329

Colored Bead Bars
One Multiplicand **331**
Multiplication by Ten 333
All Factors for One Product 335
No More than 10 337
Reverse Factors Same Product 339
Square of Numbers 341
Binomial by One Number 343

Presentations on Division
Division Bead Board
Introduction **346**
Recording Division 349
Booklet 353
Equations 355
Control Chart 1 357
Working Chart 2 359
Bingo 361
Stacks of Quotients (Stamps) 363
Oral Memorization Game – Equation then Quotient 365
Oral Memorization Game – Quotient and Possible Equations 367
Formats – Introduction 368

Story Problems – Introduction 370

Multiplication and Division – Relationship 372
